

When Lightning strikes!

Cutting edge piping system
by **TradePex**

TradePex[®]
LIGHTNING

Exclusive to **Tradelink**

Our plumbers have the best **PEX.**

Here at TradePex, we believe that hassle-free plumbing shouldn't be a pipe dream.

Combining fit-out versatility with durability, our new system will make your job easier without compromising on quality.

Featuring superior materials with extra options, our PEX stands above the rest.

Expand the pipe and the ring, then let Lightning do the rest.

Take the stress and expense out of your next PEX installation with TradePex Lightning.

Quick. Easy. Safe.

Quicker than Lightning.

Step 1.

All about your PEX

Take your PEX.

Place the PEX ring over the pipe.

The ring is designed with a stopper to prevent it from slipping down the pipe.

Step 2.

Expand your PEX

The Milwaukee Expansion tool is all you need.

Complete about 6 or 8 expansions.

Step 3.

Fit your PEX

Make sure you push the fitting into the PEX as far as it will comfortably go.

You'll have a bit of time to make any adjustments before the pipe shrinks back to its original size, securing the fitting.

If the expanded PEX has shrunk too much, just expand it again.

Done.
It's that
easy.

Lightning product.

Suitable with
Pex A PN20 Water
